

# SHOBU

**SHOBU is a beautifully conceived & crafted abstract strategy game for two players.** You play on all four natural wood boards at the same time and each of your turns is in two parts.

1. Move one of your stones up to two spaces in any direction, including diagonally.
  2. Match that move, in the same direction and number of spaces on the opposite color board. This second move allows you to push an opponent's stone across or off the board's edge.
  3. Remove all four of your opponent's stones from just ONE of the four boards to win.
- SHOBU is made of beautiful, natural elements. Wood boards, a rope divider, and river stones as playing pieces, giving it incredible table appeal.
  - Taught in roughly 45 seconds, it plays simply, and then 10 minutes later, you realize the game has the depth of 3-D chess.
  - Instantly familiar, yet completely unique to play. Feels like a game that has stood the test of time.
